

The large capacity 3-Tier Zone 6 is ideal for merchandising prepackaged hot foods and increasing impulse sales in the Deli or anywhere else in your store.

The mirrored doors on the back enhance the products on display by making the case look fuller. They also allow the operator to see into the case while preventing customers from looking through into the deli area.

RELIABLE

EASY CLEAN

PATENTED DESIGN

Increase Impulse Sales

This versatile hot case can be placed in high-traffic areas and will attract attention with its illuminated signage and abundant lighting.

Consistently Keeps Products in the Safe Zone

An innovative patented heating technology delivers even heat from corner to corner, keeping products above 140°F without overheating. Thermostats in independently controlled temperature zones are strategically located to ensure even heat distribution.

No Training Required

The ON/OFF switch controls temperature and lighting. Surface-mounted temperature strips indicate when the unit is warm enough to safely accept food, eliminating operator guesswork. Convenient sliding glass doors on the rear (mirrored on the customer side) allow for easy access.

Easy Cleaning

Removable parts as well as all stainless steel holding surfaces makes for easy cleaning.

Extremely Reliable

In an ongoing study of over 2 million operating days, Zone Hot Cases have achieved 99.997% reliability. Virtually no maintenance costs.

Safety

Lexan heat shields protect users from coming in contact with hot surfaces while reaching for products.

Large Capacity

Easily accommodates up to 54 chicken domes.

Advantages

Hold it Safely

Keep it Fresh
